SKILLS

Languages: C++, Java, SQL, Visual Basic, Swift

Web: HTML, JavaScript, CSS, PHP, JavaServer Faces, Bootstrap, JSON

PROJECTS

- **IntenseDefense:** a real time multiplayer game built in HTML, JavaScript, CSS, and Phaser game engine. This game entails an interactive UI, player-to-player interaction, strategy, and stats tracker. In this team of 4 I was in charge of the front-end/UI development.
- **Interactive Slide Show:** Using VBA, create a UI that can add/delete songs and bible verses to MS PPT slide show while in running presentation, and to a list box so you know what content is on each slide.
- **Personal Webpage:** brandon-ellis.net; using HTML, CSS, and PHP to create a personal website that has a small autobiography, resume files, and gallery. Currently implementing a virtual cook book page to be able to quickly change plans anywhere, and a tab to show off projects.
